**CR-2/3AZ**

**LITHIUM MANGANESE DIOXIDE**

**Features & Benefits**
- Superior long term reliability
- High current pulse discharge capability
- Wide operating temperature (-40°C to 70°C)
- High safety and energy density

**Specifications**
- Capacity: 1600 mAh Typical
- Nominal Voltage: 3V
- Weight: Approximately 17g

**Dimensions**
- 17.5 mm
- 33.5 mm

**Pulse Discharge Characteristics**
- **Discharge Curves (1kohm)**

**Long Term Discharge 100kΩ**
(without wake-up pulse)
- **Estimated Data**

**Discharge Curves (1kohm)**
- **Long Term Discharge 300kΩ**
(without wake-up pulse)
